In its pure state it is a most pleasing, fragrant, pungent condiment, but the article commonly sold—a little black pepper and a lot of roasted peanut shells, cannot appeal to any one. Our **PEPPER** comes in 15c, 25c, 40c and 75c tins, and it will be a lesson to you to try a tin of it and learn how little you have known of **BLACK PEPPER**. In future advertisements we will speak of Red Pepper, White Pepper, English Mustard, Leaf Sage, Allspice, etc. In the meantime we want to show you the goods at our store.**The Owl Drug Co., Ltd.**
Hilo, Hawaii**Be Strong**

Why not be strong? Why not have a good appetite and a good digestion? Why not feel well and hearty all the time? You can just as well have it your own way as not, for there is strength, vitality, power, and good health in every bottle of Ayer's Sarsaparilla. Always keep it on hand.

Here are the words and the photograph of Mr. R. H. Archer, of Hilo, Hawaiian Islands. "I often find myself weak, without appetite, and my whole system all run down. My blood gets impure and I have boils and eruptions. Then I take Ayer's Sarsaparilla, for it makes my blood pure and rich, gives me strength and vitality, and braces me up wonderfully."

**AYER'S
Sarsaparilla**

There are many imitations "Sarsaparillas." Be sure you get Ayer's.

Keep Ayer's Pills on hand and quickly correct any tendency to constipation. It's an easy way to prevent sickness.

SAN FRANCISCO - CAL.**TALKS ON LABOR.****Rosenberg's Opinion of the Situation in Hawaii.**

Commissioner Ed. Rosenberg of the American Federation of Labor addressed the Honolulu Trades and Labor Council at its regular meeting last evening.

Some two hundred or more representatives of labor gave the earnest speaker an enthusiastic welcome, applauding his remarks with the demonstrative energy born of deep appreciation.

Refreshments were served during the evening and good comradeship and stern resolve, together with a hearty concurrence of opinion, were evidenced.

Mr. Rosenberg, business of the regular meeting being set aside for that purpose, addressed the gathering, in substance as follows:

"Fellow unionists and friends: I am on my return voyage to the United States after visiting the Philippines, China and Japan, investigating labor conditions in those places. I was sent out on this tour by the American Federation of Labor because they wanted to know the condition of labor in the Orient, China and Japan, the countries from which labor is coming into our new possessions.

"My trip is the result of the following resolution passed by the convention at New Orleans in December last:

"Whereas, the Philippine Islands and the Hawaiian Islands have a population, customs and laws differing from those of the mainland of the United States; and

"Whereas, These islands contain, in addition to their native population over one million Chinese, large numbers of whom, in all probability, will in the near future, claim the right to go from one part of the United States to another; and

"Whereas, The workers of the Western States especially view with ever increasing alarm the condition of affairs; and

"Whereas, Better knowledge of the conditions in the Philippine and Hawaiian Islands than is now in the possession of the American Federation of Labor will greatly aid in the taking of steps to safeguard the conditions of its workers of the mainland and against the harmful injection of the Chinese and other cheap labor of those islands into the labor ranks of the mainland; therefore, be it

"Resolved, That the incoming executive council send a representative of the Federation to the Philippine and Hawaiian Islands to investigate and report upon the conditions of labor in those islands; further

"Resolved, That the incoming executive council, upon receipt of such report, take such steps as are deemed necessary to protect the interests of the American workers.

"I first struck China and looked into labor conditions there. One who can observe the condition of the laborer in China and notes the manner in which he is treated and still thinks that the Chinese should be allowed to come to the United States to labor has no sense. The laborer in China is degraded to such an extent that no language can describe to you his degradation.

"There are some men in the Eastern part of the United States who say that we are all brothers and should treat each other as brothers, irrespective of creed, caste, color or race, and that it is not brotherly, not right, to try to keep the Chinese out of our country. Such men should go to China and see for themselves; I think they would fully realize that were the Chinese to get where the Caucasian now holds forth in the improvement and maintenance of civilization there would quickly be a marked deterioration in that boasted civilization.

"It is my firm belief that it is best for the Caucasian to go on alone in his present progress and leave the Chinese out; the flooding of the Pacific Coast or of any other locality with cheap Asiatic laborers would simply mean the pulling down of the Caucasian labor prestige and a great deal more against the advancement of the white working man.

"The Japanese, while they have made great strides in industries,

politics and professions, have accomplished little or nothing in the advancement of their labor conditions. In almost everything but labor they have copied the Caucasian methods with good results. The presence of Oriental labor will never uplift or advance the cause of Caucasian workmen. Large hearted men with small minds may urge the brotherhood of humanity and contend for the admission of Chinese and Japanese and Korean laborers, but they do not understand the situation. Their contention is a theory; let them go to China and Japan and see for themselves the conditions that prevail, and, if they have any sense at all, they will cease to urge the admission of the Asiatic to American fields of labor.

"I spent some time in the Philippines; there are many white men there engaged in business; they say it is necessary that Chinese labor be employed in that country. But I found that most of these men in business in Manila and other places in the Philippines have no intention of always remaining there and pay small attention to the advancement of affairs and the betterment of conditions, merely striving to make as much money as they can in as short a time as possible, so that they may soon get out of the country and return to their homes to enjoy their fortunes. What do they care about the betterment of labor conditions; many go there but to live an easy life, to make what they can out of the contract slave. The steps of labor unions in the Philippines have been very halting. Under the rule of Spain a labor union man would be thrust in jail; but now, under American law the working people can organize, but they do not know how and have already made some bad blunders; they are progressing, nevertheless, and I believe in the near future the labor movement in the Philippines will become a part of the American Federation of Labor and materially help to beat back the horde of yellow men threatening to monopolize the labor of the Philippines, Hawaii and the Pacific Coast.

Japan's Slow Workmen.

All mills in Japan run day and night, the change of hands being made at noon and midnight. In one mill at Osaka 26,000 workers are under 15 years of age and operate only 3,700 spindles. In this country 300 persons operate that number. In the Lowell mill of 4,000 looms and 122,000 spindles there are 700 male and 1,500 female operators. In Japan it would require 12,000 persons to do this work. The wages, however, in Japan are 15 cents per day for a man and 9½ cents for a woman.

NO OPIUM IN CHAMBERLAIN'S COUGH REMEDY.—Many cough cures contain opium. The effect of this drug is to diminish secretion of the mucus, and the relief afforded is only temporary. As soon as the effect of the opium passes off, the malady returns in a more severe form. The system is also weakened and rendered more susceptible to cold. Chamberlain's Cough Remedy does not contain opium in any form. It affords relief and leaves the system in a healthy condition. It always cures and cures quickly. The Hilo Drug Co. sells it.**Latest Arrivals**

When the weather is too rough for the Kinau to land at Laupahoehoe Wednesday the leaving time of stage from Hilo is changed to 4:00 a. m. on Thursday morning, and the Wednesday stage from Laupahoehoe to Honokaa will be held to connect with it. On Mondays following the arrival of the Mauna Loa in Honouapo on Sundays, the leaving time of the stage from Laupahoehoe from Hilo is changed to 10:00 a. m., and the Honokaa stage is held at Laupahoehoe to connect with it. Aside from carrying of express matter and passengers these stages carry U. S. Mail, so patrons may rest assured of prompt connections.
